PETITION FOR A RETROACTIVE FOREIGN FILING LICENSE

PURSUANT TO 35 U.S.C. §184 AND 37 C.F.R. §5.25

Dear Sir:

Applicants hereby petition for a retroactive foreign filing license in the above-referenced U.S. patent application pursuant to 35 U.S.C. §184 and 37 C.F.R. §5.25.

The above-referenced U.S. patent application was filed with the United States Patent and Trademark Office on March 3, 2004 and granted a foreign filing license on May 25, 2004. A copy of the application is included herein for your convenience.

Before the foreign filing license was granted, the patent application material was also filed in Canada with the Canadian Patent Office on March 3, 2004, which is concurrent with the filing of the above-referenced U.S. patent application. No other applications were filed. The Canadian patent application was assigned serial number 2459496, and the subject matter is the same as that contained in the corresponding U.S. case.

In light of the declaration attached herewith from the Canadian agent for Applicants who filed the U.S. and Canadian patent applications concurrently on March 3, 2004, Applicants submit that the Canadian patent application was filed in Canada on March 3, 2004 through error and without deceptive intent.

Docket No.: BEW-009

Applicants also submit that the subject matter disclosed in the Canadian patent application relates to a system and method for viewing micro-markings in jewelry and other objects, was not under a secrecy order at the time it was filed in Canada, and is not currently under a secrecy order. Applicants therefore petition for a retroactive foreign filing license under 35 U.S.C. §184.

Applicants enclose a fee of \$200 as required by 37 CFR §1.17(g) with this statement. However, if any additional fees are due, please charge our Deposit Account No. 12-0080, under Order No. BEW-009 from which the undersigned is authorized to draw.

Dated: March 22, 2005

Respectfully submitted,
